I am Bismark Kofi Asare, born on the 4th of January, 1991, a Graduate from the Ghana Technology University College (GTUC) now Ghana Communication Technology University, a Ghanaian by birth, currently based in Kasoa - Opeikuma. Technology has always been my passion. I enjoy using the tech skills i have acquired in solving real-Life problems, by way of coding, designing, development, packaging and industrial designs. I have over 7 years experience working as a freelance Web Developer, Graphic and UI/UX Designer. I am equally good in Computer Hardware and Networking. I am eager to learn New skills, that will propel me to ascertain long term employment in an organisation where i can grow professionally and further enhance my skills, knowledge and experience to face and overcome the challenges of today's working environment.
